

Scent Emotions®

PUBLISHING & GAMES

FRAGRANCE SOLUTIONS

POWERED BY HOPCP® TECHNOLOGY

Scented polymer solutions that bring stories, learning and play to life, creating unique multisensory experiences for books, games and creative content.

www.scentemotions.com

SCENT-ENHANCED STORIES & PLAY

Add the power of fragrance to books and games, and create unforgettable emotional experiences.

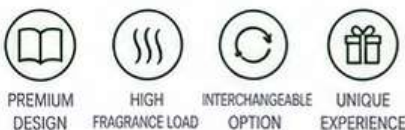

BOOK COVERS

PERFUME STORY FUSION™
WITH HOPCP® POLYMER

Innovative book covers with an integrated scented HOPCP® polymer (≈70 g, up to 35 g fragrance) and optional transparent protective lid for controlled release.

OLFACTIVE READING CARDS

SCENTED BOOKMARKS
AND INSERT CARDS

Scented cards designed to be integrated into any book. Controlled and long-lasting fragrance release to enhance the reader's immersion in the narrative.

GAMES & LEARNING

SCENTED COMPONENTS
FOR BOARD GAMES & EDUCATION

Scented game components and cards to create immersive and engaging experiences for all ages, from educational games to premium board games.

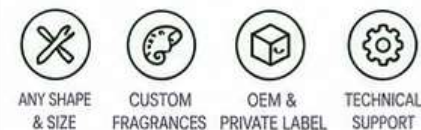

CUSTOM FORMATS

TAILORED SOLUTIONS
FOR PUBLISHING & GAMES

We develop customized scented polymers in the format, shape and fragrance you need, adapted to your content and brand identity.

PRIVATE LABEL

YOUR BRAND,
OUR TECHNOLOGY

Complete private label solutions, from concept to production, to create exclusive scented books and game products with your brand.

Our HOPCP® technology encapsulates high loads of fragrance in a solid polymer matrix, ensuring a controlled and long-lasting release, without liquids, without spills and without staining. A safe, clean and high-performance solution for publishing and games.
